8 MAY 2025

LOOKING TO THE FUTURE FOR GUNDAGAI STRATEGY

Cootamundra-Gundagai Regional Council has engaged Habitat to assist preparing the Gundagai Housing and Employment Land Strategy. The Strategy will consider how land will be utilised over the next twenty years, to provide space for a diverse range of housing and employment opportunities.

The strategy balances current community needs with future growth opportunities, addressing housing, employment, environmental risks, and socio-economic trends. It will build on extensive demographic research, community feedback, and statutory frameworks to create a sustainable and inclusive vision for Gundagai.

Residents now have the opportunity to take part in a short survey, where their insights will directly contribute to shaping a stronger, more sustainable Gundagai for everyone. A further public session will be held on Tuesday 20th May between 5.30-6.30pm at the Gundagai Library, where residents can speak directly with the consultants.

CGRC Mayor Abb McAlister urged all to contribute feedback, so a better understanding of how housing and employment opportunities interact throughout Gundagai.

“Whether you're a long-time local, a renter, homeowner, worker, retiree, or employer, your feedback will help Council and planners make informed decisions about the types of housing and employment land Gundagai needs — now and into the future,” Cr McAlister said.

To participate in the survey, follow the link or scan the QR code below.
